What is the Medicare Safety Net?

The Medicare Safety Net provides families and individuals with financial assistance for high out-of-pocket costs for out-of-hospital Medicare Benefits Schedule (MBS) services. Once you meet a Medicare Safety Net threshold, you may be eligible for additional Medicare benefits for out-of-hospital MBS services for the rest of the calendar year. Also available is the PBS Safety Net if you and your family need a lot of medicines in any year.

For more information on the Medicare Safety net visit the Medicare Australia website:
